## Favourite travel experience?

Kunmura and around the Kimberley region in WA. **Top holiday tipple?** Aperol spitz or Negroni, depending on my mood. **Hottest hotel?** Ham Yard Hotel, London. Relaxed and upmarket without being uptight. A great vibe in the heart of Soho. **Most cherished souvenir?** I bought what I thought was a one-off hand-carved wooden elephant on arriving in India. We were celebrating my business partner Jac Hunt's birthday and playing elephant polo at a friend's house. It was a very special moment. Turns out there are thousands of these wooden elephants, but the memory of such a great day and being fooled by a clever local still makes it a favourite. **Travel essentials?** Jack+Jack cashmere scarf and sweater, denim, cotton shirts, new kicks, and Spotify on high rotation.

**Your next stop?** London – frequently this year for our new store – Paris, Spain, NYC, Nicaragua and Sri Lanka. [jacandjack.com](http://jacandjack.com)
